A BOAT SAFARI

FORSYTH
TRAIL
4 nights /
5 days

1 night at
**DENWA
BACKWATER
ESCAPE**

2 nights of
GLAMPING
inside
National Park

1 night again
at **DENWA
BACKWATER
ESCAPE**

Denwa Backwater Escape is located overlooking the mesmerizing backwaters of a dam built on Denwa River in Satpura National Park, the area is popularly known as Madhai.

It is built on 10 acres of forested land along the river and across the river lies the national park which is approached by a boat and then by jeeps to go deeper into forest.

Our safari tents are super comfortable and come with folding beds, single/ double occupancy, easy chair, private wash room & shower tent that have chemical toilets.

Two nights of **GLAMPING** in the middle of Jungle is an experience like never before. Indulge in lip-smacking food as you enjoy al-fresco dining under a star spangled sky in the evenings.

SATPURA is spread over 1427 sq. km. and is a unique habitat from about 200 feet to 4000 feet. The terrain of the national park is extremely rugged and consists of fascinating deep valleys, sandstone peaks, narrow gorges, rivulets, waterfalls, thickly dense green forest of Sal and other medicinal herbs, it also has large tracts of Teak forests.

In your jeep safari in SATPURA's 1427 Sq. Km of rugged, mountainous, forested terrain, you can meet the real-life characters of Jungle Book, such as Tigers, Leopards, spotted deer, Indian Bison (Gaur), Wild boar, Wild dog (locally called Dholes), Sloth bear, Blackbuck (unique attraction), Porcupine, Sambhar, Four Horned antelopes (Chowsingha), Otters, Crocodile, Malabar squirrels, Langurs to mention but a few.

A photograph showing two people in a small, light-colored canoe on a calm body of water. They are wearing life jackets and hats, and are using red paddles. The background features a dense line of trees on a slightly elevated shore under a clear sky.

A BOAT RIDE on Denwa is the highlight of this trip for many, especially birders. Row away quietly on silent waters to observe birds at close quarters.

Besides INDIAN SKIMMER, look out for many waders and raptors. Common sightings include Spoonbill, Sandpipers, Osprey, Pied Kingfishers, Stilts, Common Redshank. River Terns and a variety of other species.

An adventure expedition to Satpura's FORSYTH TRAIL will take you into the wilderness of the stunning forest where Captain James Forsyth took the path 150 years ago to discover Pachmarhi.

The 30 km trek is beautiful and filled with surreal views of nature. You can meet the indigenous tribe 'BHARIAS' to know their enchanting stories about the jungle and have a fun interaction with their desi lifestyle.
